

SITE UPDATE | March 2026

We are pleased to share the most recent update from the team at Bugler as we look to create new affordable and sustainable homes for local residents on behalf of Kingston Council.

Since our last newsletter, progress on site has continued steadily. We have completed the concrete pours to the ground beams for Block A, which form a key part of the building's structural foundation. Our tower crane has now been installed, allowing us to safely lift materials as the project begins to rise above ground level. Substructure brickwork to Block A is also underway, shaping the lower sections of the building that sit beneath the future ground floor. These activities mark an important transition as we move closer to starting the superstructure works.

LOOKING AHEAD

In the coming period, we will be progressing the concrete pour to the ground beam foundations of Block B.

Block A, the installation of the ground-floor beams will begin, preparing the structure to rise above ground level.

We will also be constructing the perimeter drainage system with attenuation tanks, which helps manage surface water around the building, commencing with the splash course, the protective brick layer at the base of the walls. These activities will support the transition from substructure works towards the early stages of the superstructure.

Installation of the crane

Newsletter Update

Please note that we are posting our updated newsletters on both our communal noticeboards located around site and to online, this can be accessed by scanning the adjacent QR code, or my following the link [Acre Road, Kingston upon Thames | Bugler Developments](#) which will take you to the project page on our website, where you will find project particulars and past copies of all newsletters and communications issued.

ABOUT BUGLER DEVELOPMENTS

Bugler Developments has been building high quality homes since 1982. We are a family-owned, award-winning contractor, working on behalf of local authorities and housing associations across London and the Southeast of England.

With our understanding and wealth of experience, we offer an integrated approach to the delivery of residential and mixed-use developments.

Giving back is also a key facet of what we do, and through the Bugler Foundation we have supported many worthwhile causes - from mental health to grassroots sport and local initiatives.

Social Value has always been important. We recognise that there is a duty to us as housebuilders to provide a positive legacy to the communities in which we work, both while we are on the site and after, and this is something our whole team buys into.

WORKING HOURS

Our working hours are:
Monday to Friday – 8:00am to 6:00pm
