

SITE UPDATE | July 2026

We are excited to share the most recent update from the team at Bugler as we look to create new affordable and sustainable homes for local residents on behalf of Kingston Council.

Since our last newsletter, we have continued to make excellent progress on site throughout June, helped by favourable dry weather.

Block A and the bungalows have now received their floor installations, marking a significant milestone in the programme.

At Block B, we are progressing strongly with the brickwork superstructure, currently advancing towards first-floor level.

LOOKING AHEAD

Over the next period, works at Block A will focus on progressing the superstructure to the second-floor slab (upper-level floor) and installation of the courtyard balcony framework.

At Block B, works will focus on completing the ground-floor superstructure and installing the first-floor slab (upper-level floor).

Newsletter Update

Please note that we are posting our updated newsletters on both our communal noticeboards located around site and to online, this can be accessed by scanning the adjacent QR code, or by following the link [Acre Road, Kingston upon Thames | Bugler Developments](#) which will take you to the project page on our website, where you will find project particulars and past copies of all newsletters and communications issued.

ABOUT BUGLER DEVELOPMENTS

Bugler Developments has been building high quality homes since 1982. We are a family-owned, award-winning contractor, working on behalf of local authorities and housing associations across London and the Southeast of England.

With our understanding and wealth of experience, we offer an integrated approach to the delivery of residential and mixed-use developments.

Giving back is also a key facet of what we do, and through the Bugler Foundation we have supported many worthwhile causes - from mental health to grassroots sport and local initiatives.

Social Value has always been important. We recognise that there is a duty to us as housebuilders to provide a positive legacy to the communities in which we work, both while we are on the site and after, and this is something our whole team buys into.
