

SITE UPDATE | June 2026

We are pleased to share the most recent update from the team at Bugler as we look to create new affordable and sustainable homes for residents on behalf of Kingston Council.

Progress on site during May has continued very well, supported by favourable dry weather conditions.

Block A and the bungalows are now nearing readiness for precast floor installation, marking a key milestone in the programme.

At Block B, we have successfully commenced superstructure works, demonstrating strong progress as we move above ground.

LOOKING AHEAD

Over the next period, works to Block A will focus on the installation of the first-floor slab (upper-level floor), after which setting out (the process of marking up exact positions and levels) will commence for the superstructure up to second-floor level.

At Block B, ground floor walls will continue progressing towards first-floor level as the structure begins to take shape.

ABOUT BUGLER DEVELOPMENTS

Bugler Developments has been building high quality homes since 1982. We are a family -owned, award-winning contractor, working on behalf of local authorities and housing associations across London and the Southeast of England.

With our understanding and wealth of experience, we offer an integrated approach to the delivery of residential and mixed-use developments.

Giving back is also a key facet of what we do, and through the Bugler Foundation we have supported many worthwhile causes - from mental health to grassroots sport

and local initiatives.

Social Value has always been important. We recognise that there is a duty to us as housebuilders to provide a positive legacy to the communities in which we work, both while we are on the site and after, and this is something our whole team buys into.
