

SITE UPDATE | October 2026

We are delighted to bring you the latest update from the Bugler team as we work with Kingston Council to create high-quality, affordable and sustainable homes for local residents. Since our last newsletter, construction has continued to advance well throughout September, with the dry weather helping us maintain momentum across the site.

Great progress continues across the development. Block A has now reached third-floor level, allowing work to begin on the parapets and structural walls in preparation for the roof. The bungalows are progressing well and are due to start roof tiling shortly. Meanwhile, at Block B, brickwork construction is moving ahead steadily and is now working up towards roof slab level.

Overlooking Block B

Hartington - The original name associated with the land in 1167 eventually Hartleton Farm 1623

Campbell - Donald Malcolm Campbell, born in Kingston upon Thames, was a British speed record breaker who broke eight absolute world speed records on water and on land in the 1950s and 1960s. He remains the only person to set both world land and water speed records in the same year (1964). He died during a water speed record attempt at Coniston Water in the Lake District, England.

Overlooking Block A North Elevation

We are pleased to share the names for the scheme which have been prepared in consultation with the street naming and numbering service within the Council and aim to reflect and celebrate Kingston's heritage.

LOOKING AHEAD

Over the next period, significant progress is expected across the development. At Blocks A and B, the focus will be on completing the roof slab installations and continuing with parapet construction and internal fit-out works.

The bungalows will be approaching completion of the roof works, enabling the internal fit-out phase to begin, bringing them another step closer to completion.

Newsletter Update

Please note that we are posting our updated newsletters on both our communal noticeboards located around site and online, this can be accessed by scanning the adjacent QR code, or by following the link [Acre Road, Kingston upon Thames | Bugler Developments](https://www.bugler.co.uk/Acre-Road-Kingston-upon-Thames-Bugler-Developments) which will take you to the project page on our website, where you will find project particulars and past copies of all newsletters and communications issued. If you wish to have each newsletter emailed to you, please do let us know by emailing enquiries@bugler.co.uk.

ABOUT BUGLER DEVELOPMENTS

Bugler Developments has been building high quality homes since 1982. We are a family-owned, award-winning contractor, working on behalf of local authorities and housing associations across London and the Southeast of England.

With our understanding and wealth of experience, we offer an integrated approach to the delivery of residential and mixed-use developments.

Giving back is also a key facet of what we do, and through the Bugler Foundation we have supported many worthwhile causes - from mental health to grassroots sport and local initiatives.

Social Value has always been important. We recognise that there is a duty to us as housebuilders to provide a positive legacy to the communities in which we work, both while we are on the site and after, and this is something our whole team buys into.
