

SITE UPDATE | FEBRUARY 2025

We are pleased to issue our February 2025 newsletter for Beech Tree Place, Sutton.

It is with great satisfaction that we can confirm that the construction of this project is continuing at the intended pace and that a summary of the progression, key points of progress and upcoming works are outlined as per the below.

Block A brickwork and blockwork is now complete beyond the second floor and is now half way to level three. Internal works have now commenced.

Block B level four concrete slab is complete and we are preparing for level five. The low level blockwork has now commenced.

Block C level two concrete slab has been poured with level three due to be poured imminently.

Block D roofing works have commenced and brickwork to level two is about to start, with the commencement of internal works.

LOOKING AHEAD

Over the coming month we are scheduling block A third floor block and brickwork to be complete with block D third floor nearing completion.

Block B fifth floor slab will be completed this month and the structure will be progressing to roof level with block C being constructed to the fourth floor.

As in all construction projects, there are times when a particular operation of work is dusty, noisy and disruptive, we will use our best endeavours to keep this to minimum.

This project has been registered with the Considerate Constructors Scheme. Should you have any concerns please contact the team on the adjacent page.

ABOUT BUGLER DEVELOPMENTS

Bugler Developments has been building high quality homes since 1982. We are a family-owned, award winning contractor, working on behalf of local authorities and housing associations across London and the South East of England.

With our understanding and wealth of experience, we offer an integrated approach to the delivery of residential and mixed-use developments.

Giving back is also a key facet of what we do, and through the Bugler Foundation we have supported many worthwhile causes - from mental health to grassroots sport and local initiatives.

Social Value has always been important. We recognise that there is a duty to us as housebuilders to provide a positive legacy to the communities in which we work, both while we are on the site and after, and this is something our whole team buys into.
