

SITE UPDATE | June 2026

We are pleased to provide the latest update on the Brent Court development, which will deliver 96 high-quality independent living apartments for local residents.

Demolition Works Commencing - We are pleased to announce that demolition works of the existing garages at Brent Court are scheduled to commence during week commencing 29th June 2026. This marks a significant milestone in the progression of the project as we prepare the site for the construction phase.

Ecological Update - Prior to the commencement of demolition activities, comprehensive ecological surveys have been undertaken to ensure compliance with environmental requirements and the protection of local wildlife.

Following the latest inspection, the project ecologist has confirmed that there are no active nesting birds within the areas affected by the demolition works. As a result, permission has been granted for the demolition phase to proceed.

An ecologist will be attending site on 29 June to confirm that conditions remain suitable for demolition works to commence later that week.

Managing Construction Impacts - As with any construction project, there will be occasions when works generate noise, dust and increased site activity. We understand that this may cause some inconvenience to our neighbours and the local community.

Please be assured that we will have a range of measures in place to minimise these impacts wherever possible. These will include dust suppression methods, regular monitoring, careful planning of works, and adherence to agreed working hours. Our team will continue to review site operations to ensure disruption is kept to a minimum while maintaining a safe and efficient working environment.

Looking Ahead

As works progress, we remain committed to keeping the local community informed and maintaining open lines of communication throughout the project. We appreciate your patience and cooperation as we begin this exciting new chapter in the delivery of 96 independent living apartments at Brent Court.

Should you have any questions, concerns, or require further information, please do not hesitate to contact the project team using the details below.

ABOUT BUGLER DEVELOPMENTS

Bugler Developments has been building high quality homes since 1982. We are a family-owned, award-winning contractor, working on behalf of local authorities and housing associations across London and the Southeast of England.

With our understanding and wealth of experience, we offer an integrated approach to the delivery of residential and mixed-use developments.

Giving back is also a key facet of what we do, and through the Bugler Foundation we have supported many worthwhile causes - from mental health to grassroots sport and local initiatives.

Social Value has always been important. We recognise that there is a duty to us as housebuilders to provide a positive legacy to the communities in which we work, both while we are on the site and after, and this is something our whole team buys into.
