

Indicative CGI of Brent Court

SITE UPDATE | November 2025

We are excited to share with you monthly updates on everything happening onsite, including project progress, social value activities, and any important information you need to know.

We have recently started work on the Brent Court car park where we are providing more of some much-needed parking in the area. We are pleased to report that everything is progressing well and remains on track to be completed in early 2026. Since we started these works, we have carried out the reduced level dig and imported the new stone. We have commenced install of the new kerbs and completed the new drainage tank. We truly appreciate your patience and cooperation during this period.

We would also like to offer our sincere apologies to anyone affected by the unexpected water mains issue a couple of weeks ago. Unfortunately, this was not identified in any of the surveys or drawings we were provided and was not at the correct depth or sanded. We are, however, grateful for the swift actions of our team, who were able to restore water in a timely manner.

Description: New kerb line to car

Description: Attenuation tank install

LOOKING AHEAD

Looking ahead, work on the new cycle store will commence and we will also begin installing the new Electric Vehicle chargers to support sustainable travel options for Brent Court Residents. In addition, the demolition of the existing car park (next to the garages) will get underway once the other car park is complete. We will continue to keep you updated as these works progress.

The Bugler team is always available should you have any questions or queries. Please feel free to contact us using the details provided below.

ABOUT BUGLER DEVELOPMENTS

Bugler Developments has been building high quality homes since 1982. We are a family-owned, award-winning contractor, working on behalf of local authorities and housing associations across London and the South East of England.

With our understanding and wealth of experience, we offer an integrated approach to the delivery of residential and mixed-use developments.

Giving back is also a key facet of what we do, and through the Bugler Foundation we have supported many worthwhile causes - from mental health to grassroots sport and local initiatives.

Social Value has always been important. We recognise that there is a duty to us as housebuilders to provide a positive legacy to the communities in which we work, both while we are on the site and after, and this is something our whole team buys into.
