

SITE UPDATE | March 2026

We are pleased to share our latest newsletter reporting on the progress of 50 new homes under construction at Falling Lane.

We are nearing the completion of the piling element of works on site and the groundworks phase is now underway with excavations of the piles and various drainage works. We have excavated the area for the tower crane base, installed the steelwork and poured the concrete in anticipation of the tower cranes arrival.

In addition our new welfare compound has been set up and we are carrying out the process of evolving this into a comfortable place for the workforce to use for the duration of the project.

LOOKING AHEAD

The piling rig will be transported from site in the very near future and excavation works will continue along with the formation of steelwork around the piles to form the caps and foundations. This stage of the project is very time consuming with various waterproofing elements to be installed as well as drainage to be laid. The tower crane is also due to be erected in the near future.

As with all construction developments there will be times where noise and some disruption is inevitable however we will always endeavour to keep this to a minimum by any practical means and we thank you for your continued patience.

ABOUT BUGLER DEVELOPMENTS

Bugler Developments has been building high quality homes since 1982. We are a family-owned, award-winning contractor, working on behalf of local authorities and housing associations across London and the South East of England.

With our understanding and wealth of experience, we offer an integrated approach to the delivery of residential and mixed-use developments.

Giving back is also a key facet of what we do, and through the Bugler Foundation we have supported many worthwhile causes - from mental health to grassroots sport and local initiatives.

Social Value has always been important. We recognise that there is a duty to us as housebuilders to provide a positive legacy to the communities in which we work, both while we are on the site and after, and this is something our whole team buys into.

WORKING HOURS

Our working hours are:
Monday to Friday – 07:30am to 5:00pm
