

SITE UPDATE | June 2026

We are pleased to share the May newsletter for the Falling Lane Development Project. This newsletter will keep you updated on the progress of the site as we work towards delivering 90 new homes, with 50 homes being constructed at this site, along with communal spaces across both developments.

During this period, significant progress has been made across multiple areas of the project. Groundworks, ground beams, and pile cap installations have continued to progress well. The columns are now being erected, and we have started constructing the decking for the first floor, ensuring that the project remains on programme.

We are also continuing to make strong progress with site preparations, helping to keep the development on schedule for the next stages of construction. This includes the installation of two new mortar silos, which will support the upcoming phases of the build.

LOOKING AHEAD

Looking ahead, we are now preparing to work with the two recently installed mortar silos, which will be used regularly throughout the brickwork phase. The silos will be replenished through scheduled deliveries to ensure a continuous supply of mortar until all brickwork has been completed.

ABOUT BUGLER DEVELOPMENTS

Bugler Developments has been building high quality homes since 1982. We are a family-owned, award-winning contractor, working on behalf of local authorities and housing associations across London and the Southeast of England.

With our understanding and wealth of experience, we offer an integrated approach to the delivery of residential and mixed-use developments.

Giving back is also a key facet of what we do, and through the Bugler Foundation we have supported many worthwhile causes - from mental health to grassroots sport and local initiatives.

Social Value has always been important. We recognise that there is a duty to us as housebuilders to provide a positive legacy to the communities in which we work, both while we are on the site and after, and this is something our whole team buys into.

WORKING HOURS

Our working hours are:
Monday to Friday – 8:00am to 6:00pm
