bugler DEVELOPMENTS

SITE UPDATE | October 2026

We are pleased to share the latest progress update from the Falling Lane Development Project. Works have continued to progress well across the site, with several key milestones reached during September.

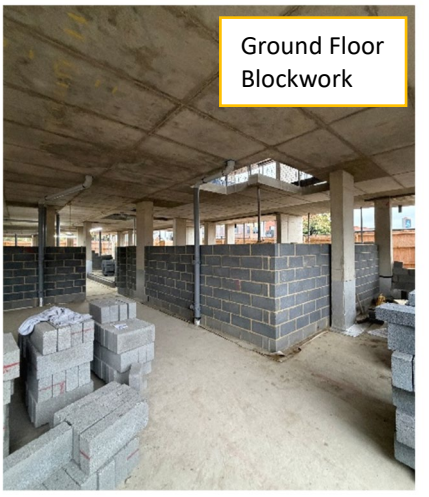

The third floor slabs have now been poured and the decking to support the fourth floor concrete slab is currently being installed from core 1 to core 2. The decking for level 2 is now currently in the process of being dismantled.

Our bricklayers have commenced works to the external façade as well as the internal party walls and our scaffold erection is due to commence in the very near future.

With the structural works along with brick and block laying works continuing to advance, preparations are also well underway for the next stage of construction.

LOOKING AHEAD

Looking ahead, we will complete the Level 3 structure, including erecting columns and the completion of the sky decking to Level 4 along with the continuation of steelwork installation and the pour of Level 4 concrete slabs.

Our bricklayers will continue works on site, constructing the walls towards level 1, including the installation of insulation and brick/block work to the façade.

ABOUT BUGLER DEVELOPMENTS

Bugler Developments has been building high quality homes since 1982. We are a family-owned, award-winning contractor, working on behalf of local authorities and housing associations across London and the Southeast of England.

With our understanding and wealth of experience, we offer an integrated approach to the delivery of residential and mixed-use developments.

Giving back is also a key facet of what we do, and through the Bugler Foundation we have supported many worthwhile causes - from mental health to grassroots sport and local initiatives.

Social Value has always been important. We recognise that there is a duty to us as housebuilders to provide a positive legacy to the communities in which we work, both while we are on the site and after, and this is something our whole team buys into.
