

SITE UPDATE | September 2026

We are pleased to share the latest progress update from the Falling Lane Development Project. Works have continued to progress well across the site, with several key milestones reached during August.

The Level 2 slab has now been poured and striking of level one decking is in progress. Our two mortar silos have been filled and commissioned and are now ready to support the upcoming block and brickwork phase that has started on the ground floor.

We are currently installing the sky decking for Level 3 in Core 1, which will allow the steelwork to commence in this area. In addition, columns are being erected on Level 2, marking further progress with the building structure.

With the structural works continuing to advance, preparations are also well underway for the next stage of construction.

Gas Membrane

Columns

LOOKING AHEAD

Looking ahead, we will continue progressing the Level 2 structure, including erecting columns and the completion of the sky decking to Level 3 and the commencement of steelwork.

Our bricklayers have now started works on site, with installation of the gas membrane and block work. The recently commissioned mortar silos will provide a continuous supply of mortar to support the block and brickwork works as they progress.

ABOUT BUGLER DEVELOPMENTS

Bugler Developments has been building high quality homes since 1982. We are a family-owned, award-winning contractor, working on behalf of local authorities and housing associations across London and the Southeast of England.

With our understanding and wealth of experience, we offer an integrated approach to the delivery of residential and mixed-use developments.

Giving back is also a key facet of what we do, and through the Bugler Foundation we have supported many worthwhile causes - from mental health to grassroots sport and local initiatives.

Social Value has always been important. We recognise that there is a duty to us as housebuilders to provide a positive legacy to the communities in which we work, both while we are on the site and after, and this is something our whole team buys into.

SITE WORKING HOURS AND CONTACT DETAILS

WORKING HOURS

Our working hours are:
Monday to Friday – 8:00am to 6:00pm

OUT OF HOURS CONTACT DETAILS
