

SITE UPDATE | August 2026

We are pleased to share with you the first update on the Jackson Road development, which will deliver 26 affordable housing apartments.

During this period, we have completed the electric mains service connection. We have also finished laying the tarmac to the roads and parking bays, providing the hardstanding required for our permanent site set-up.

Our site cabins are expected to be delivered on **14th August**, subject to any unforeseen delays.

Please note that our monthly newsletters will now be paperless as part of our commitment to reducing paper usage and the need for hand-delivered copies.

Project updates will be available by scanning the QR code, which is also displayed outside our site entrance along with a current copy.

If you would prefer to receive a **paper copy or an emailed copy** of the newsletter, these are available upon request. Please contact us at enquiries@bugler.co.uk, quoting the project name in your email, and we will be happy to arrange this for you.

Looking Ahead

Over the coming weeks, we will be commencing piling works, which are expected to last for approximately **two weeks**. During this period, there will be an increase in noise levels associated with these activities.

We have implemented measures to minimise disruption wherever possible and appreciate your patience and understanding while these essential works are carried out.

Once the piling works have been completed, we will begin construction of the building footprint in line with the project programme.

If you have any queries or concerns, please do not hesitate to contact us using the details below. Our team will be happy to assist you.

ABOUT BUGLER DEVELOPMENTS

Bugler Developments has been building high quality homes since 1982. We are a family-owned, award-winning contractor, working on behalf of local authorities and housing associations across London and the Southeast of England.

With our understanding and wealth of experience, we offer an integrated approach to the delivery of residential and mixed-use developments.

Giving back is also a key facet of what we do, and through the Bugler Foundation we have supported many worthwhile causes - from mental health to grassroots sport and local initiatives.

Social Value has always been important. We recognise that there is a duty to us as housebuilders to provide a positive legacy to the communities in which we work, both while we are on the site and after, and this is something our whole team buys into.
