

SITE UPDATE | October 2026

We are pleased to share with you the first update on the Jackson Road development, which will deliver 26 affordable housing apartments on behalf of Chime Housing.

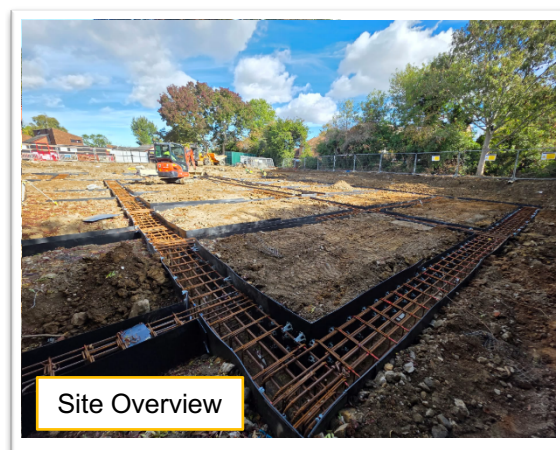

The development has been made possible through contributions from Homes England and South Buckinghamshire Council.

During this period, we are continuing to make progress with the foundation works across the site. This will include ongoing excavation and digging activities, alongside the installation of ground beams and drainage systems.

These works are an important part of establishing the building's structural foundations and preparing the site for the next phase of construction. As the foundations and associated drainage infrastructure continue to take shape, the project will move closer to progressing with the main structure of the building.

We are currently liaising with the Thomas Hickman School to offer construction educational visits and activities to their students.

The QR code on the right provides access to the newsletters available to view online.

Looking Ahead

Looking ahead, we are moving into an exciting stage of the project, with the pouring of the concrete footings, followed by substructure brick and blockwork. We will then progress onto the installation of the block and beam flooring, marking another important milestone as the foundations of the development begin to take shape.

If you have any queries or concerns, please do not hesitate to contact us using the details below. Our team will be happy to assist you.

This scheme is also registered with Considerate Constructors Scheme, should you wish to contact them with any concerns on [0333 049 4600](tel:03330494600)

ABOUT BUGLER DEVELOPMENTS

Bugler Developments has been building high quality homes since 1982. We are a family-owned, award-winning contractor, working on behalf of local authorities and housing associations across London and the Southeast of England.

With our understanding and wealth of experience, we offer an integrated approach to the delivery of residential and mixed-use developments.

Giving back is also a key facet of what we do, and through the Bugler Foundation we have supported many worthwhile causes - from mental health to grassroots sport and local initiatives.

Social Value has always been important. We recognise that there is a duty to us as housebuilders to provide a positive legacy to the communities in which we work, both while we are on the site and after, and this is something our whole team buys into.
