

Indicative CGI of Mereway Road Project

SITE UPDATE | August 2026

We are pleased to share with you our August newsletter for Mereway Road, where we are delivering seven new homes for social rent on behalf of RHP (Richmond Housing Partnership)

Construction has continued to make good progress across the development. Key milestones achieved during this period include the completion of the building superstructures, marking an important stage in the overall programme.

Waterproofing works have also been carried out to ensure the buildings are fully protected from the elements and watertight.

Internally, the installation of the soil vent pipes (SVP's) has progressed, alongside the completion of concrete screeding to the ground floors, providing a solid base for the next phases of internal fit-out.

LOOKING AHEAD

Over the coming weeks we will continue to make good progress on site. Planned works include internal drylining to walls, first-fix electrical and mechanical installations and the installation of windows.

These activities are an important stage of the construction programme and will help prepare the building for the next phases of work.

ABOUT BUGLER DEVELOPMENTS

Bugler Developments has been building high quality homes since 1982. We are a family-owned, award-winning contractor, working on behalf of local authorities and housing associations across London and the South East of England.

With our understanding and wealth of experience, we offer an integrated approach to the delivery of residential and mixed-use developments.

Giving back is also a key facet of what we do, and through the Bugler Foundation we have supported many worthwhile causes - from mental health to grassroots sport and local initiatives.

Social Value has always been important. We recognise that there is a duty to us as housebuilders to provide a positive legacy to the communities in which we work, both while we are on the site and after, and this is something our whole team buys into.
