

SITE UPDATE | February 2026

We are pleased to share with you our newsletter for Mereway Road, where we are delivering seven new homes for social rent on behalf of RHP (Richmond Housing Partnership).

We are pleased to confirm the installation of the attenuation tank and the base for the car park have been completed. In addition, the piling works have now been finished and the piling rig has been removed from the site.

LOOKING AHEAD

Over the coming period, we will begin the breakdown of the pile caps, which are thick concrete blocks that sit on top of the piles and help distribute the building load evenly. This work is an important part of the foundation process and will allow us to proceed with the next stages of construction, including the beam works and substructure blockwork for the houses.

Newsletter Update

Please note, that we are posting our updated newsletters on both our communal noticeboards located around site and online, this can be accessed by scanning the QR code, which will take you to the project page on our website, where you will find project particulars and past copies of all newsletters and communications issued.

ABOUT BUGLER DEVELOPMENTS

Bugler Developments has been building high quality homes since 1982. We are a family-owned, award-winning contractor, working on behalf of local authorities and housing associations across London and the South East of England.

With our understanding and wealth of experience, we offer an integrated approach to the delivery of residential and mixed-use developments.

Giving back is also a key facet of what we do, and through the Bugler Foundation we have supported many worthwhile causes - from mental health to grassroots sport and local initiatives.

Social Value has always been important. We recognise that there is a duty to us as housebuilders to provide a positive legacy to the communities in which we work, both while we are on the site and after, and this is something our whole team buys into.
