

SITE UPDATE | January 2026

We are pleased to share with you our newsletter for Mereway Road, where we are delivering seven new homes for social rent on behalf of (RHP) Richmond Housing Partnership.

We have begun installing the deep manhole chambers (see adjacent image). This work enables the new pipework to be connected to the existing foul pump station and represents an important step forward in the project.

LOOKING AHEAD

Piling Works

Piling works are scheduled to **commence on 26 January 2026** and will continue for **one week only**.

As previously advised, we will be using screw piling, a quieter, low-vibration method of constructing strong foundations. This approach helps to minimise noise and disruption for nearby residents.

Drainage Works

Alongside the piling activities, we will continue with the storm drainage connections.

Environmental Monitoring

To ensure site activities remain within approved limits, noise and dust monitors have now been installed on site. These will allow us to continuously track site conditions and manage any potential impacts.

Newsletter Update

Please note, that we are posting our updated newsletters on both our communal noticeboards located around site and online, this can be accessed by scanning the QR code, which will take you to the project page on our website, where you will find project particulars and past copies of all newsletters and communications issued.

ABOUT BUGLER DEVELOPMENTS

Bugler Developments has been building high quality homes since 1982. We are a family-owned, award-winning contractor, working on behalf of local authorities and housing associations across London and the South East of England.

With our understanding and wealth of experience, we offer an integrated approach to the delivery of residential and mixed-use developments.

Giving back is also a key facet of what we do, and through the Bugler Foundation we have supported many worthwhile causes - from mental health to grassroots sport and local initiatives.

Social Value has always been important. We recognise that there is a duty to us as housebuilders to provide a positive legacy to the communities in which we work, both while we are on the site and after, and this is something our whole team buys into.
