

Indicative CGI of Moxon Street Project

SITE UPDATE | July 2026

We are pleased to share our newsletter, providing an update on the progress of the partial demolition of the existing buildings, with the main façade on Moxon Street being retained, followed by the redevelopment of the site to provide 21 new residential units alongside commercial floorspace (Use Class E).

We have now completed the demolition phase of the programme (please see the adjacent image) and have erected scaffolding to the retained façade on Moxon Street.

Looking Ahead

We will shortly commence the main construction works on site. As a result, you will notice an increase in site traffic. All vehicle movements will be managed by our Traffic Marshal to ensure they are carried out safely and with minimal disruption to the surrounding area.

Newsletter Update

Just a reminder that we are posting our updated newsletters on both our communal noticeboards located around site and online, this can be accessed by scanning the QR code, which will take you to the project page on our website, where you will find project particulars and past copies of all newsletters and communications issued.

ABOUT BUGLER DEVELOPMENTS

Bugler Developments has been building high quality homes since 1982. We are a family-owned, award-winning contractor, working on behalf of local authorities and housing associations across London and the Southeast of England.

With our understanding and wealth of experience, we offer an integrated approach to the delivery of residential and mixed-use developments.

Giving back is also a key facet of what we do, and through the Bugler Foundation we have supported many worthwhile causes - from mental health to grassroots sport and local initiatives.

Social Value has always been important. We recognise that there is a duty to us as housebuilders to provide a positive legacy to the communities in which we work, both while we are on the site and after, and this is something our whole team buys into.
