Indicative CGI of Moxon Street Project

SITE UPDATE | October 2026

We are pleased to share our newsletter, providing an update on Moxon Street to provide 21 new residential units alongside commercial floorspace.

To support the ongoing construction works, the crane base is now complete (please see the image below), and the crane has arrived on site. We would like to take this opportunity to thank all our neighbours for their continued patience as we reach this important milestone.

We are continuing to make good progress across the site. Work is currently underway to the rear of the shops and at plots 14–17, where construction of the substructure blockwork is progressing well (please see the adjacent image).

Sub-Structure blockwork

Crane Base

Looking Ahead – From **Monday 26th October 2026**, parking bays on Moxon Street will be suspended for approximately eight months. This will enable us to establish our site "pit lane", providing a dedicated area for construction vehicles and supporting the safe and efficient delivery of the works. This week, we will also be relocating **six residential parking spaces** from Tapster Street to Victors Way. This arrangement will help minimise disruption while supporting the ongoing construction works.

We will continue installing the roof steelwork and roof timbers to the existing building, alongside the necessary remedial brickwork. Construction of the superstructure brickwork will also commence.

ABOUT BUGLER DEVELOPMENTS

Bugler Developments has been building high quality homes since 1982. We are a family-owned, award-winning contractor, working on behalf of local authorities and housing associations across London and the Southeast of England.

With our understanding and wealth of experience, we offer an integrated approach to the delivery of residential and mixed-use developments.

Giving back is also a key facet of what we do, and through the Bugler Foundation we have supported many worthwhile causes - from mental health to grassroots sport and local initiatives.

Social Value has always been important. We recognise that there is a duty to us as housebuilders to provide a positive legacy to the communities in which we work, both while we are on the site and after, and this is something our whole team buys into.
