

Indicative CGI of Otterfield Road project

SITE UPDATE | April 2025

We are excited to welcome you to the first edition of our newsletter for the Otterfield Road development project. This newsletter will keep you updated on the progress of the site as we work towards building 45 new dwellings and communal spaces.

We will begin our groundworks on 4th April, marking the next significant phase of the project.

We are expecting our piling rig to arrive mid-May, allowing us to commence with the piling work, which is crucial for ensuring the structural stability of the building.

Site View

LOOKING AHEAD

Following completion of the initial groundworks and piling activities, our focus will be on progressing the site and continuing with the construction of the flats and library. As we move through each phase, we are committed to keeping you informed and minimising disruptions to the surrounding area.

If you have any queries or concerns, please feel free to contact our team on the details below and we will be happy to help.

We are also members of the Considerate Constructors Scheme (C.C.S.). For more information on C.C.S. please visit www.ccsscheme.org.uk.

We are currently carrying out condition surveys for properties adjoining the site, to record the condition of the brick wall. Please contact us if you would like to arrange this.

ABOUT BUGLER DEVELOPMENTS

Bugler Developments has been building high quality homes since 1982. We are a family-owned, award-winning contractor, working on behalf of local authorities and housing associations across London and the South East of England.

With our understanding and wealth of experience, we offer an integrated approach to the delivery of residential and mixed-use developments.

Giving back is also a key facet of what we do, and through the Bugler Foundation we have supported many worthwhile causes - from mental health to grassroots sport and local initiatives.

Social Value has always been important. We recognise that there is a duty to us as housebuilders to provide a positive legacy to the communities in which we work, both while we are on the site and after, and this is something our whole team buys into.
