

SITE UPDATE | June 2026

We are pleased to share the June newsletter for the Otterfield Road development project. This newsletter will keep you updated on the progress of the site as we work towards building 45 new dwellings and communal spaces.

During this period, significant progress has been made across multiple areas of the project. The carpark improvement works are underway. Internally the first fixing of the electrical and plumbing has been progressing steadily. The flat roof is now complete, and the pitch roof trusses have now been installed. We have also made significant progress on the outside of the building where we have fitted all the balconies to level 1 and will be working our way up the higher floors. We have also started the stair lift works in core 1.

LOOKING AHEAD

Looking ahead, focus will shift towards finishing all external elements of the building process including the carpark improving works and the roof works. We will also be aiming to fit the kitchens to the ground floor and to carry on the brickwork to the 4th floor we will also start decorating the building site we will also carry on the roof works on the high levels.

ABOUT BUGLER DEVELOPMENTS

Bugler Developments has been building high quality homes since 1982. We are a family-owned, award-winning contractor, working on behalf of local authorities and housing associations across London and the Southeast of England.

With our understanding and wealth of experience, we offer an integrated approach to the delivery of residential and mixed-use developments.

Giving back is also a key facet of what we do, and through the Bugler Foundation we have supported many worthwhile causes - from mental health to grassroots sport and local initiatives.

Social Value has always been important. We recognise that there is a duty to us as housebuilders to provide a positive legacy to the communities in which we work, both while we are on the site and after, and this is something our whole team buys into.
