

SITE UPDATE | OCTOBER 2026

We are pleased to share with you the first update on the Queens Drive development, which will deliver 6 affordable housing apartments.

During this period, brickwork has progressed very well across the development.

The first-floor concrete planks are due to be delivered early this month. Due to their size and weight, a mobile crane will be required to safely lift and position the planks.

We appreciate your patience and understanding while these works are carried out. Should you have any queries or concerns please contact us via the contact information below.

Project updates are now available by scanning the QR code, which is also displayed outside our site entrance.

LOOKING AHEAD

Over the coming period, brickwork will continue to progress towards roof level, marking another important stage in the construction of the development.

We are also currently working closely with our subcontractors to support an apprentice on the project, providing valuable hands-on experience and opportunities to develop skills within the construction industry.

ABOUT BUGLER DEVELOPMENTS

Bugler Developments has been building high quality homes since 1982. We are a family-owned, award-winning contractor, working on behalf of local authorities and housing associations across London and the Southeast of England.

With our understanding and wealth of experience, we offer an integrated approach to the delivery of residential and mixed-use developments.

Giving back is also a key facet of what we do, and through the Bugler Foundation we have supported many worthwhile causes - from mental health to grassroots sport and local initiatives.

Social Value has always been important. We recognise that there is a duty to us as housebuilders to provide a positive legacy to the communities in which we work, both while we are on the site and after, and this is something our whole team buys into.
