

SITE UPDATE | September 2026

We are pleased to share with you the first update on the Queens Drive development, which will deliver 6 affordable housing apartments.

During this period, brickwork and blockwork will continue to progress across the development, with the team building on the work completed to date. Scaffolding operations will also commence on site, providing the necessary access and support for the next stage of construction. Once the scaffolding is in place, the bricklaying team will be able to progress upwards and begin working towards Level 1. These works represent another important milestone in the construction programme and will allow the external structure of the building to continue taking shape over the coming weeks.

Project updates are now available by scanning the QR code, which is also displayed outside our site entrance.

LOOKIN AHEAD

During the next reporting period, bricklaying works will continue to progress across the development, with the team continuing to build up the external walls and advance towards the next levels. We will also be welcoming a crane to site to facilitate the installation of the precast concrete planks. This is an important stage of the construction programme and will help to form the floors of the building as the structure continues to take shape. The installation works will be carefully coordinated by the site team to ensure they are carried out safely and efficiently.

If you have any queries or concerns, please do not hesitate to contact us using the details below. Our team will be happy to assist you.

ABOUT BUGLER DEVELOPMENTS

Bugler Developments has been building high quality homes since 1982. We are a family-owned, award-winning contractor, working on behalf of local authorities and housing associations across London and the Southeast of England.

With our understanding and wealth of experience, we offer an integrated approach to the delivery of residential and mixed-use developments.

Giving back is also a key facet of what we do, and through the Bugler Foundation we have supported many worthwhile causes - from mental health to grassroots sport and local initiatives.

Social Value has always been important. We recognise that there is a duty to us as housebuilders to provide a positive legacy to the communities in which we work, both while we are on the site and after, and this is something our whole team buys into.
