

Indicative CGI of Roselands Project

SITE UPDATE | August 2026

We are excited to share with you the progress that has happened over the last few weeks here at Roselands.

Works are progressing steadily on site, with the Metsec installation now advancing from the ground floor up to the second floor, providing the structural framework for the building's external and internal walls. Waterproofing works are also underway to help protect the building from water ingress and ensure its long-term performance and durability. Masonry works have commenced on the ground floor west elevation, with brickwork beginning to take shape and define the building's appearance. In addition, window installation has now started, marking another significant milestone in the construction programme. As the building envelope continues to be completed, these works will help improve weather protection and allow internal construction activities to progress more efficiently in the coming weeks.

Newsletter Update

Please note that we are posting our updated newsletters on our communal noticeboards located around site and online. You can read all the project updates sent so far by scanning the QR code, or by visiting www.buglerdevelopments.co.uk/project/roselands-new-malden If you wish to have each newsletter emailed to you, please do let us know by emailing enquiries@bugler.co.uk

LOOKING AHEAD

Good progress continues, with masonry works now commenced and window installations ongoing. These important construction milestones are helping to shape the building's appearance and marks steady progress as work continues across the site.

ABOUT BUGLER DEVELOPMENTS

Bugler Developments has been building high quality homes since 1982. We are a family-owned, award-winning contractor, working on behalf of local authorities and housing associations across London and the South East of England.

With our understanding and wealth of experience, we offer an integrated approach to the delivery of residential and mixed-use developments.

Giving back is also a key facet of what we do, and through the Bugler Foundation we have supported many worthwhile causes - from mental health to grassroots sport and local initiatives.

Social Value has always been important for us as a company we recognise that there is a duty to us as housebuilders to provide a positive legacy to the communities in which we work, both while we are on the site and after, and this is something our whole team contributes to.
