Indicative CGI of Roselands Project

SITE UPDATE | October 2026

We are pleased to share the progress made during the period at Roselands.

Works have continued at a good pace throughout the development, with works continuing in several areas of the building as the project moves forward. Internal fit-out activities are progressing well, while external works continue to shape the overall appearance of the development.

Internally, screed works to the ground floor have now been completed, providing a key foundation for future fit-out activities. Ventilation installation has commenced on Levels 1 and 2, with mechanical systems beginning to take shape within the building.

Screed works – Ground Floor

Ventilation 1st fix commenced

LOOKING AHEAD

Over the coming weeks, first-fix mechanical and electrical installations will continue throughout the building, alongside ongoing external masonry and internal ventilation works.

These activities will support the continued progress of both the building structure and internal fit-out works.

Newsletter Update

Please note that we are posting our updated newsletters on our communal noticeboards located around site and online. You can read all the project updates sent so far by scanning the QR code, or by visiting www.buglerdevelopments.co.uk/project/roselands-new-malden. If you wish to have each newsletter emailed to you, please do let us know by emailing enquiries@bugler.co.uk

ABOUT BUGLER DEVELOPMENTS

Bugler Developments has been building high quality homes since 1982. We are a family-owned, award-winning contractor, working on behalf of local authorities and housing associations across London and the South East of England.

With our understanding and wealth of experience, we offer an integrated approach to the delivery of residential and mixed-use developments.

Giving back is also a key facet of what we do, and through the Bugler Foundation we have supported many worthwhile causes - from mental health to grassroots sport and local initiatives.

Social Value has always been important for us as a company we recognise that there is a duty to us as housebuilders to provide a positive legacy to the communities in which we work, both while we are on the site and after, and this is something our whole team contributes to.
