

Indicative CGI of The Alders Project

SITE UPDATE | June 2026

We are excited to share an update on the progress at The Alders, where Wandsworth Council is delivering 34 new homes for social rent, with completion scheduled for September 2027.

We are pleased to report that, over the past month, groundworks have continued to progress well and are now nearing completion, including all substructure works and the installation of below-ground services and drainage. One large excavator has already been removed from site, and we anticipate that, in the next period, the majority of heavy plant will also be demobilised, with the exception of the crane.

At the same time, superstructure works are now well underway with all the ground to first floor reinforced concrete columns and walls now constructed. This has enabled the temporary decking platform to be built which is used as the formwork to construct the first floor concrete floor slab.

First Floor Decking - Formwork

LOOKING AHEAD

We will continue to work on the building super structure forming the concrete walls, columns and floor slabs.

Starting on 6th July we will also be starting works on 5 parking bays to the south-west corner of the estate and hope to have these completed by the end of the month.

ABOUT BUGLER DEVELOPMENTS

Bugler Developments has been building high quality homes since 1982. We are a family-owned, award-winning contractor, working on behalf of local authorities and housing associations across London and the Southeast of England.

With our understanding and wealth of experience, we offer an integrated approach to the delivery of residential and mixed-use developments.

Giving back is also a key facet of what we do, and through the Bugler Foundation we have supported many worthwhile causes - from mental health to grassroots sport and local initiatives.

Social Value has always been important. We recognise that there is a duty to us as housebuilders to provide a positive legacy to the communities in which we work, both while we are on the site and after, and this is something our whole team buys into.
