

Indicative CGI of The Alders Project

SITE UPDATE | May 2026

We are excited to update you on the progress that has been made at The Alders where Wandsworth Council are delivering 34 new homes for social rent due to be finished in September 27

Groundworks continue to progress with foundations, services and below ground drainage. Along with this, works have started forming the reinforced concrete structure with the first ground floor slab section poured and columns erected.

At the beginning of May, Graveney School visited The Alders where on arrival, Guy Sagal directed the students to a safe PPE free exclusion zone within the site where they were given an overview of site operations. We also delivered a short presentation to the students, giving them an insight into what types of job roles there are in construction and pathways into this field of work.

LOOKING AHEAD

Looking ahead, we will continue to progress with the groundworks with a view to nearing the completion of the works as well as continue with the RC structure – pouring more of the ground floor slab and continuing to construct vertically.

ABOUT BUGLER DEVELOPMENTS

Bugler Developments has been building high quality homes since 1982. We are a family-owned, award-winning contractor, working on behalf of local authorities and housing associations across London and the Southeast of England.

With our understanding and wealth of experience, we offer an integrated approach to the delivery of residential and mixed-use developments.

Giving back is also a key facet of what we do, and through the Bugler Foundation we have supported many worthwhile causes - from mental health to grassroots sport and local initiatives.

Social Value has always been important. We recognise that there is a duty to us as housebuilders to provide a positive legacy to the communities in which we work, both while we are on the site and after, and this is something our whole team buys into.
