Indicative CGI of The Alders Project

SITE UPDATE | October 2026

We are excited to share an update on the progress at The Alders, where Wandsworth Council is delivering 34 new homes for social rent, with completion scheduled for September 2027.

Structural works have continued to make strong progress across the development. The reinforced concrete (RC) frame is now nearing completion, with the roof slab successfully poured on Block A and Level 5 completed on Block B. External envelope works have also commenced, with the first phase of brickwork and blockwork now complete and scaffolding erection underway to facilitate the next stages of façade construction.

LOOKING AHEAD

Concrete works will continue to progress, with the construction of vertical columns and walls advancing in preparation for the Block B roof slab pour, which is scheduled for completion by the end of the month.

Brickwork installation will continue across the development, with scaffolding being progressively erected alongside the façade works to support ongoing construction activities.

ABOUT BUGLER DEVELOPMENTS

Bugler Developments has been building high quality homes since 1982. We are a family-owned, award-winning contractor, working on behalf of local authorities and housing associations across London and the Southeast of England.

With our understanding and wealth of experience, we offer an integrated approach to the delivery of residential and mixed-use developments.

Giving back is also a key facet of what we do, and through the Bugler Foundation we have supported many worthwhile causes - from mental health to grassroots sport and local initiatives.

Social Value has always been important. We recognise that there is a duty to us as housebuilders to provide a positive legacy to the communities in which we work, both while we are on the site and after, and this is something our whole team buys into.
