

Indicative CGI of The Oval

SITE UPDATE | February 2026

We are pleased to provide an update on the progress of the Oval Project on behalf of Stevenage Borough Council.

The development comprises 91 independent living apartments across two blocks, known as E1 and E2, located on Parcel E. On Parcel F, works include the construction of a new church and community centre, along with associated communal areas and landscaped gardens.

As you will be aware, we currently have a presence on both Parcel E and Parcel F. On Parcel F, the footpath shown in the image below will be closed to the public from 20th February. In due course, this route will form part of the new road through the development. Advance notices have been placed in the surrounding area to inform residents of this closure.

Description: Footpath to be closed

Description: Parcel E Hoarding

LOOKING AHEAD

Works are progressing well across both sites. Over the coming months, we will continue to move forward in line with the agreed programme.

Our monthly newsletters will continue to provide regular updates, including information on social value initiatives associated with the project.

The Bugler team is always available should you have any questions or queries. Please feel free to contact us using the details provided below.

Should you have any queries or concerns please contact us on the phone number provided below or enquiries@bugler.co.uk.

ABOUT BUGLER DEVELOPMENTS

Bugler Developments has been building high quality homes since 1982. We are a family-owned, award-winning contractor, working on behalf of local authorities and housing associations across London and the South East of England.

With our understanding and wealth of experience, we offer an integrated approach to the delivery of residential and mixed-use developments.

Giving back is also a key facet of what we do, and through the Bugler Foundation we have supported many worthwhile causes - from mental health to grassroots sport and local initiatives.

Social Value has always been important. We recognise that there is a duty to us as housebuilders to provide a positive legacy to the communities in which we work, both while we are on the site and after, and this is something our whole team buys into.
