

Indicative CGI of Whitings Road Project

SITE UPDATE June 2026

We are pleased to share our first newsletter, providing an update on the progress of site to provide 35 residential units (twenty-nine houses and six flats) with associated car parking, cycle storage, refuse/recycling storage, amenity space and landscaping. (Planning Reference 23/3772/FUL).

We were delighted to meet some of our new neighbours in our Meet The builder event we held last month in Whitings Hill Primary School. The session gave attendees the opportunity to meet not only the Bugler team, but also representatives from Barnet Homes involved in the project.

Site activities

LOOKING AHEAD

Site preparation and levelling works will continue over the coming week and are expected to remain ongoing for the next four to five weeks. All large vehicle deliveries and collections will continue to take place only between 9:30am and 2:30pm during term time, helping to minimise disruption at the beginning and end of the school day.

We appreciate that construction activity next to the school may cause understandable concerns. The safety and wellbeing of pupils and families remain our highest priority.

Meet The Builder event

ABOUT BUGLER DEVELOPMENTS

Bugler Developments has been building high quality homes since 1982. We are a family-owned, award-winning contractor, working on behalf of local authorities and housing associations across London and the Southeast of England.

With our understanding and wealth of experience, we offer an integrated approach to the delivery of residential and mixed-use developments.

Giving back is also a key facet of what we do, and through the Bugler Foundation we have supported many worthwhile causes - from mental health to grassroots sport and local initiatives.

Social Value has always been important. We recognise that there is a duty to us as housebuilders to provide a positive legacy to the communities in which we work, both while we are on the site and after, and this is something our whole team buys into.
